

ANNUAL WELLNESS VISIT (AWV)

1. Information here pertains to Medicare only. Medicaid and private payer guidelines and codes may vary.
2. Medicare Advantage Plan patients are entitled to the same benefits, but may be required to stay in a MAP provider network to prevent or keep low copays or payments on deductibles.

Minimum Content – (Initial AWV establishes this info, Subsequent AWVs update it all.)

Current and past family & medical hx, including meds & supplements, mental, functional and safety assessment **including Pt's own health risk assessment done before or during visit.** List current health care team members, Set a screening schedule, List risk factors that are being or can be addressed through interventions, list treatment options. Provide personalized health advice and refer to health education and preventive services as appropriate. For more detail, see *The ABCs of the Annual Wellness Visit*. *

ICD-10 Codes	Any appropriate billable code is accepted. See the ICD-10-CM Tabular List of Diseases and Injuries in the latest ICD-10-CM Official Codes book as there are many notes to be adhered to for choosing a billable code. See also Chap 21 (Z00-Z99). Z00-Z99 are reasons for encounters that are not diagnoses or problems as listed in codes like A00-Y89. For further guidance, check with your *MAC
*MAC = Medicare Administrative Contractor
